

YOUR PROTECTION  
BY EXCELLENCE

MULTICOVER 955  
MANUAL FILM SEALING MACHINE

With the Multicover welding machine, Ripack offers you the possibility to make your own bonnets.

The heat generated by your shrink gun combined with the design of this Multicover sealer creates a resistant weld for optimal protection of your goods.

The new MULTICOVER sealer is simple and easy to use and can accommodate two rolls of film up to 1.40m long.

No more storing bonnets of different lengths, cutting them on unsuitable bases, this film sealer will meet all your requirements.

It allows to produce bonnets or covers of different heights and formats starting from polyethylene film (gusseted tube, simple tube, metered (folded) film or simple film).

TECHNICAL SPECIFICATIONS

<b>Item code</b>	N°233581
<b>Dimensions (without reel)</b>	Width and height 3,28 ft (1m) length 5,58 ft (1.7 m)
<b>Weight</b>	176,37 lb - 80 kg
<b>Max. reel length</b>	4,59 ft - 1.4 m
<b>Reel capacity</b>	2 of Ø 500, 2 of Ø 300
<b>Length of reel bar (ajustable)</b>	4,92 to 7,22 ft - 1.5 to 2.2 m
<b>Maximum weight per reel</b>	176,37 lb - 80 kg
<b>Position of the reels</b>	modular
<b>Maximum total load</b>	462,97 lb - 210 kg
<b>Welding width</b>	adjustable
<b>Reel brakes (hold unused film rolls)</b>	
<b>Packaging</b>	Pallet 1.2 x 0.8 x 2 m 3,94 x 2,62 x 0,66 ft
<b>Tool bag</b>	Yes
